

Drive electric NSW EV destination charging grants

Landowner consent form

Written consent from the landowner or delegated authority is a requirement for grant applications.

This template form ensures applicants have evidence that the landowner or delegated authority provides consent for the installation of an EV charger(s) under the EV destination charging grants, if successful, to take place at the property listed below.

A separate form is required from each property owner if applicants are applying for multiple sites under the one ABN. Likewise, if applicants

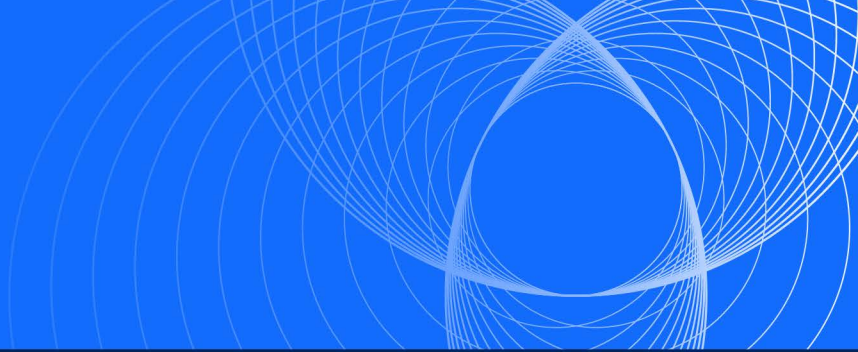

are applying for multiple sites under different ABNs, separate forms will be required for each application.

This form does not need to be completed for a grant application. However, all information below must be within the written consent provided by a property's landowner or delegated authority.

For completion by the applicant:

Applicant name	
Applicant ABN	
Number of EV chargers applied for	
Project address	

Landowner consent form

What is the relationship between the landowner and the applicant organisation?

Lease agreement

Other

If other, please specify:

Empty text area for specifying the relationship.

For completion by the landowner or delegated authority:

Organisation name	
ABN/ACN (if applicable)	
Postal address	
Email address	
Contact number	

Landowner consent form

As the landowner (or their delegated authority), I give consent for the installation of an EV charger(s) and associated works to take place at the property listed above:

From until

No end date

Signed

Printed name

Date
